**Subject:** Lennon: Letter of Interest in the Political Practices Commissioner position  
**Attachments:** DA Lennon Resume 10\_12.doc; 10\_12 Cvita DALennon.doc

Candidates Selection Committee  
Legislative Services Division  
PO Box 201706  
Helena, MT 59620

Dear Candidate Selection Committee Members,

I'll start by quoting from the current Commissioner's recent statement: "We're a small office – just five people. Staff turnover was 100 percent in 2006. But there's been no turnover since, and in small but important ways we're making progress. Thanks for visiting our website, and thanks for reading these comments. If you have questions, ideas, or suggestions, or don't find what you're looking for, please let me know."

Having worked now for nearly four years at MSUB, I am well-aware of how to create something from nothing, and my prior experience will certainly bear that out elsewhere as well. I am indicating an interest in the Commissioner of Political Practices position, and I believe my background in academia, legal research, and ethics enforcement almost (but not entirely) speaks for itself.

I have attached both my business resume and academic curriculum vitae to this email. If there are any specific questions concerning the position I have missed (and I searched fairly deeply) please do not hesitate to inform me as to what they are.

Thank you,

/signed/

Daniel Lennon, PhD

## OBJECTIVE/CAREER SUMMARY

I'm a data guy and research methodology specialist/analyst, and can provide services from qualitative categorization through to rather sophisticated statistical and stochastic modelling techniques. I can develop and make sense out of mined or gathered data, irrespective of its ultimate source. Due to the nature of my work and ability to travel I am able to work remotely and/or with no geographic restrictions.

## ACCOMPLISHMENTS AND EXPERIENCE

**CONSULTANCIES:** Substantive and *confidential* consulting services provided to governmental, business and non-profit organizations concerning financial, marketing and organizational analysis. A generalist in methodological approach, expert in applying the appropriate method to acquire information effectively and cheaply. A problem-centered approach is key to a multi-method design strategy that has produced successful investigations, reports and organized databases that are immediately efficient and profitable.

- Developed investment strategy indicators to track business and management portfolios. Built databases and created algorithms to track capital depreciation, investment accrual, customer satisfaction and budget forecasts. These data management and evaluation systems streamlined decision timelines by at least 18%.
- Created quality assurance strategies and organizational tactics that increased average measured customer satisfaction by 22% in less than five weeks. These redesigned customer/client data collection and management procedures redirected company resources to specifically target results that produced increased sales and profit outcomes of 15% and 34% respectively.
- Redistributed corporate budget items into new data management structures for both management and federal reporting requirements (i.e., annual reports), reducing report generation times by 35%.
- Constructed inventory databases that decreased access and update time by 40% and 28% respectively. Devised multi-tiered flat database structures that ranged in size up to 14.6 million cases and 8,246 indicators that reduced access and use time by at least 60%.
- Redesigned customer service/satisfaction survey sampling methodology to enhance validity. These strategies also reduced coding time by 50% and turnaround time between distribution and usability by 70%. Revised interview schedules likewise led to a 62% increase in interviewee count over same time frame.
- Proposed, designed and conducted surveys ranging from twelve to 110 questions. Devised and implemented efficient interview and survey methodologies reducing per-subject cost by 65%.
- Devised and controlled project budgets up to \$3.2 million. Every project supervised has come in under approved budget targets by at least 7%.
- Directly supervised 17 staff. Redesigned workplans for team members that decreased workload for each member by 15% while increasing total team productivity by 40%. Outsourcing some routine tasks reduced project costs by at least 22%.

**TECHNICAL EXPERTISE:** Computer and/or technological skills incorporate both hardware and software abilities. Comfortable changing out a motherboard, constructing an intra/inter-office network, or learning a new word processing or statistical package:

- At the hardware/operating system level, new UNIX, Sun, DOS, Windows (7, Vista/XP/95/98, or NT) or Linux setups have been learned and utilized within three days.
- Experienced and fluent with Microsoft, Corel, Oracle and Lotus Suites; SPSS, SAS, Stata and Minitab statistical packages; NVivo qualitative analysis software, numerous general and proprietary database packages.
- Information network and Internet-savvy.

## EXPERIENCE

---

**2007-Present**    **Montana State University, Billings**    **Billings, MT**  
*Assistant Professor in Sociology and Criminal Justice*

**2002-2007**    **San Jose State University**    **San Jose, CA**  
*Lecturer in Sociology*

**2003-2005**    **University of San Francisco**    **San Francisco, CA**  
*Lecturer, Graduate Level, College of Professional Studies*

**2003**    **Santa Clara University**    **Santa Clara, CA**  
*Lecturer in Communications*

**2002**    **CSU-Long Beach**    **Long Beach, CA**  
*Lecturer in Social Work*

**2000-2002**    **California State University-Hayward**    **Hayward, CA**  
*Lecturer in Sociology*

**1997-2000**    **Monash University**    **Melbourne, VIC, AUSTRALIA**  
*Lecturer, Sociology and Social Research*

- Liaison and consultant between Monash University and the Australian Bureau of Statistics.

Ph.D., Northeastern University, Boston, 1988, Sociology

M.A., University of Texas at El Paso, 1983, Sociology and Linguistics

B.A., Old Dominion University, Virginia, 1979, Sociology

 Society for the Study of Social Problems  
 Southern Sociological Society  
 Southwestern Social Science Association

## Teaching Interests and Experience

### TEACHING INTERESTS

Social Science Research Methods and Statistics  
Sociology of Law, Deviance and Criminology  
Social Psychology and Cross-Cultural Analysis  
Sociological Theory (especially Modern)  
Organizations and the Sociology of Work

### RECENT TEACHING RESPONSIBILITIES

SOCI 499	Professional Development and Assessment/Capstone Seminar
SOCI 498	Internship
SOCI 492	Sociology of Law
SOCI 450	Computer Crime
SOCI 425	Crime Prevention and Victimization
SOCI 318/9	Social Science Research Methods (with computer lab)
SOCI 332	Sociology of the Family
SOCI 324	Criminology
SOCI 311	Sociology of Organizations
SOCI 228	Race, Gender, Class and Crime
SOCI 201	Introduction to Criminal Justice
SOCI 101	Introduction to Sociology

### SUBJECTS PREVIOUSLY TAUGHT

(an \* indicates junior/senior (or honors) level or graduate level teaching and/or supervision)

\*Advanced Research Methods  
\*Applied Research Methods and Data Analysis (graduate level)  
Class, Power and Social Change  
\*Classical Sociological Theory  
Contemporary Societies  
\*Contemporary Sociological Theory (Honors)  
Computers in Social Work (graduate level)  
Content Analysis and Quantitative Research  
Criminology  
\*Culminating Writing Project in Organizational Development (graduate level)  
Cultural Anthropology, Industrial Societies  
Cultural Anthropology, Pre-Literate Societies  
\*Demography (Special Topics Course)  
\*Designing Organizational Development and Change (graduate level)  
Drugs and Society  
Fundamental Issues in Sociology  
Human Ecology  
Individual and Culture  
Informal Sociology  
The Individual and Social Roles  
Introduction to Social Research  
Introductory Research Methods, Field Methods  
Institutional Corrections  
Introduction to Sociology  
\*Juvenile Delinquency  
\*Law and Society  
Marriage and the Family

Masculinity and Femininity  
Methods of Sociological Research I

**Subject:** RE: Questions for candidates for Commissioner of Political Practices (COPP)

No apologies, necessary, Susan. Really. Here are my responses to your queries for the committee:

1. Are you familiar with restrictions Montana law imposes upon the activities of an individual holding the office of COPP?

If we are discussing the restrictions placed on my activities under MCA 13-37-108, sections 1-5b, yes, I am so aware and familiar. I have no troubles with any of these exclusions.

2. What is your legal writing experience?

Somewhat extensive, although I am not a lawyer. The "Statement of Facts," "Statements of Law," and ultimate "Findings" sections are largely pro forma and familiar to me.

3. Have you ever been party to a complaint filed with the COPP?

No.

4. What is your current or past involvement with either the campaign of a candidate or a ballot initiative?

My last involvement in a political campaign, as an informal and unpaid advisor, was in that of John Salas, ultimately successful candidate for the Legislature of the US Territory of Guam, in, I believe, 1996. I have no current involvements (formal or informal) with any candidate or ballot initiative campaign.

5. Have you been affiliated with a political party or political action committee? If yes, how will this affiliation affect your ability to render impartial decisions on complaints filed against candidates, PACs, and ballot initiatives?

My only affiliation with any political entity is my voter's registration party affiliation for primary election voting purposes. Otherwise? No.

6. What is your opinion of the current candidate contribution limits?

My opinion is largely irrelevant. The US Supreme Court, in their decision *Citizens United v. Federal Election Commission* (No. 08-205), largely rendered any such opinion of mine moot and irrelevant.

7. Have you or a family member been involved in the legislative process as a lobbyist?

No.

8. In your opinion, do further regulations or restrictions need to be placed on lobbyists' activities?

Again, under the restrictions placed on any of my ultimate behavior in office that is restricted by the Supreme Court case identified in Question 6, I will, to the best of my ability, enforce Montana Law. I have yet to see a Montana decision, whether it be executive, legislative or judicial in character, suggesting that State Law supersedes Federal Law, however.

Thank you,

Dan Lennon

**Subject:** Questions for candidates for Commissioner of Political Practices (COPP)

Mr. Lennon,

I was double-checking the files and I do not have a record that I sent you these questions to answer for the position of Commissioner of Political Practices. I am heartily sorry for this mistake on my part, but would ask you to answer these questions for the selection committee to consider. If you will reply to all, they will receive your answers as soon as I do. I will contact each candidate directly to explain the situation. Thanks you for your interest in this position and your willingness to serve. My most sincere apologies, Susan
